COMUNICATO STAMPA

Finaval is pleased to announce the completion of the sale of the vessel ANGI, finalized on December 4, 2025, as part of the Group's strategy for the progressive rejuvenation and optimization of its fleet. The sale of the vessel represents another step forward in Finaval's ongoing evolution, aimed at investing in more modern, efficient, and sustainable assets, in line with the main dynamics of the international maritime market and the strategic objectives of the Group.

“The sale of the ANGI marks an important moment for our industrial plan,” comments Giuseppe Santarcangelo, Deputy CEO of Finaval. “In recent years, Finaval has embarked on a transformation process that increasingly directs our focus toward financial operations, strategic investments, and high value-added services within the maritime sector. The rejuvenation of the fleet is an integral part of this vision, enabling us to respond more efficiently to market developments and to seize new opportunities. At the same time, we are evaluating several initiatives in the shipping and related-services sectors, which may materialize in the coming months. Our thirty years of experience and consolidated know-how remain a fundamental asset, enabling us to act as a highly specialized financial partner capable of supporting organizations seeking to grow, develop, and innovate in a sector with a unique appeal.”

Notes to editors

About Finaval

Finaval is an innovative international shipping company with more than thirty years of distinguished experience in the transport of crude oil and refined products. In recent years, it has also operated as a highly specialized financial partner in financial transactions, corporate analysis and advisory, and mezzanine & equity finance.

The Group's expertise enables investments in companies and initiatives related to the transport and maritime-services sectors, characterized by strong potential for growth and development.
